Article on the hill equation:

<http://www.sciencedirect.com/science/article/pii/S1056871914002470>

I think reasonable to ask for some clarification. Will look again on Monday – hopefully will have been granted access by then.

reading that makes me think I had too much (or too little) caffeine this morn. can you send me a link for the biop and an approximate page so I can get some more context?

The following is a quote from the NMFS BIOP for the three OP's. I keep rereading it and find it difficult to conceptualize what they are representing in that equation. What are your thoughts?

Ex. 5 - Deliberative Process
